INFORMATION

Manufacturer	TESTMAK INS.LAB.MAK.SAN.VE TİC. PAZ. İTH. İHR. LTD. STİ
Country of Origin	TURKEY
Product Name	Disinfection Device for Car

Disinfection Device for Car

DESCRIPTION

This Device is designed to be used in disinfection all types of bacterias inside and outside cars. The whole world is struggling with a virus that can hold on fabric-like surfaces. It is designed to contribute to the fight against coronavirus. Thanks to special software sensors, the cabin operates automatically. Thanks to its ergonomic design, it affects the entire surface of the vehicles. It disinfects the interior and exterior of the vehicles by spraying disinfectant for 15 seconds.
